

SUMMERSSET  
MARINE

Measuring 20 feet, 10 inches, the Stratos 210 Champion Elite has a 50-gallon fuel capacity; it's rated for 300 horsepower and comes available with a host of precision-matched outboards. Built around the venerable V-Wing hull design that sports the same sleek, aggressive, sports car-inspired body lines that accommodate larger plates, the boat is the rig of choice for today's top professional anglers such as reigning BASS Angler of the Year, Skeet Reese and BASS Elite Series star, Mike McClelland.
